STUDENT RESOURCE SCHEME 2013

Eimeo Road State School with the approval from the P & C Association will be introducing a Student Resource Scheme for 2013. The Student Resource Scheme has been introduced for the following reasons:

- To minimise resource expenses to parents when providing children with their school requirements for instruction.
- To provide students with current 'up to date' editions of required resources.
- To maximise teaching and learning opportunities so that all children have access to the same resources for instruction.
- Ready access for students to consumables and resource materials as needed.
- Cost savings due to the school's bulk purchasing and convenience in purchasing student consumables and resource materials.

The scheme is managed by the school and the money collected by the Student Resource Scheme will be used to purchase class sets of 'up to date' quality resources for students use. It is understood that some families may not wish to join the Student Resource Scheme and will therefore purchase all of the materials required by their child. Details of these materials/resources can be provided to these families on request and they are asked to ensure that their children have current editions of the applicable resources.

Please complete the attached Student Resource Scheme Participation Agreement Form and return it to the school office a.s.a.p. **Payment will not be required until 5 February 2013.**

The cost of participating in the Student Resource Scheme for 2013 is shown below:
